H. T. Helmbold:

Estermed Friend—I congratulate you on having the handsomest and at the same time the Most Effective Pill that I have ever known for the purposes intended. WM. R. WARNER & CO.

H. T. Helmbold will remark, in conclusion, that his remedies are the result of long and careful study. The Fluid Extracts have been before the public twenty years. The sale of them in that time proves their value. All have been benefited by them who followed my instructions, and to-day they stand unequalled in the extent of their sale, and unsurpassed by any medicament in the Dispensatory of the United States, not excepting a single Herb, Root, Plant, or Scientific Preparation.

Pharmaceutical I claim all mine to be, and have never patented a single one.

To dispel any impression or prejudice that might exist in the minds of many against my preparations, from the publicity given through advertising, and that I am and have been a druggist for a period of twenty years, and more conclusively to preve this see letter from the largest manufacturing chemists in the world:

I am acquainted with Mr. H. T. Helmbold: he occupied the drug store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise. William Wight Man.

The Pill I have thought of offering to the afflicted for ten years.

They are now perfect, and I shall stake my time, money and fame on their effectiveness. The notting style in which the pill itself is made, the bottle, label, wrapper—all show with what care they have been prepared. After examination, no English or French preparation will show greater care, and I am really proud of them.

Instead of the nausous-looking, carelessly prepared Fills wended generally, and put up in wooden boxes, and made generally, or offered by those having to experience as physicians, druggists or manufacturers of medicines, test the medicine offered by your obedient servant,

THE RAILROADS AND THE 21 PER CENT. TAX-GEN, SHERMAN.

WASHINGTON, July 10.—The question baving arisen last fall whether a tax should be collected at the rate of 2½ per ent. on dividends declared by railroads and other corporations for the last five months of 1870, acting commissioner Douglass decided that under the law they should, and an order was given to assessors accordingly. After General Pleasanton succeeded to the office, he reversed the decision, but the matter having been brought to the attention of Secretary Bout-well, he referred it to the attorney geteral, who set aside the last decision, and ordered the commissioner to assess and collect the tax. These instructions were immediately communicated to the local revenue officers, but the numerous applica-tions and appeals made by the railroad companies and bankers that the tax be remitted or suspended on account of the se-verity of enforcing its collection at this time, Commissioner Pleasanton, in view of Secretary Boutwell's instructions, does not think it proper to allow any delay. It having been ascertained, however, that exceptions were made to this ruling in the cases of the New-York Central and Hudson river railroad, an order from the secretary to the treasurer, or assistant, has been filed in the internal revenue office suspending the collection of this tax against this railread.

GEN. SHERMAN. Gen Sherman leaves here for New-York and will remain there several days, but will not return to Washington during the summer unless business shall require

THE WEATHER. The barometer remains sensibly un-changed at the Pacific and Rocky mountain stations; it has risen but again has fallen in the northwest and the upper lakes, and also in the gulf states; it has risen in New-York and New England. Temperature is this evening much cooler than on Sunday in Iowa and Missouri, and was quite low this morning in Northern New-York. It is quite high this evening in the South Atlantic states, and light and variable winds prevail west of the Alle-ghanies; northwesterly winds have pre-vailed in the middle and eastern states.

THE DISTRICT IMPROVEMENT.

The board of public works have already commenced preliminary work under the four million dollars improvement bill passed last Saturday by the legislature and approved to-day by the governor. The board of commissioners to superintend the work consists of Generals A. A. Humphreys, McMeighs, O. E. Babcock and T. B. Olmstead. The action of the board meets with the approval of all parties.

A TERRIBLE STORM AT DAYTON-MANY PERSONS KILLED AND WOUNDED. CINCINNATI JULY 10 .- Later information from Dayton, Ohio, indicates that the effects of the storm yesterday evening were more serious than was at first supposed. The names of the killed by the falling of St. John's church, are, Christian Thomas, assistant superintedent; Mrs. Randall and Mr. Leonard Weigeraugh. Randall and Mr. Leonard Weigeraugh.
Jacob Walfrom is probably fatally injured. Besides these a number of others were seriously hurt. Ed. Mechan and George Parger, boys, were taken out from Washington bridge dead and horribly mangled, and James Fischbaugh, another hove was taken out seriously boy, was taken out seriously hurt. A few miles from the city a tro fell across a wagon in camp and instantly killing a woman. The Third street presbyterian church spire was moved a foot out of the line. The spires of the presby-terian church on St. Charles street and the baptist church were somewhat damaged. The storm was soverer in the country adjacent to Dayton, particularly Randolph township, destroying crops, fences, etc.; burning barns by lightning. At Xenia, Ohio, the storm was less severe, but played havoe THE GREAT TUNNEL TO BE FINISHED.

CINCINNATI, July 10 .- Information received here to-day confirms the report of arrangements being made to finish the great tunnel, commenced years ago, through the hills north of the city, for a railroad entrance. A. J. Hodder, president of the old company, arrived to-day and reports arrangements completed with eastern capitalists and the contract entered into for the immediate commencement of work. Among those interested are said to be John C. Freemont and Gen. Moul-ton, of New York. About two-fifths of the work to tunnel was done at the suspension of operations, and it is estimated that \$50,000 will remove all obstructions that have accumulated since that time. Knowing ones say that in addition to the accommodating of the Chesapeake and Ohio railroad, the object is to provide an entrance to the city of Cincinnati for the Mackinaw railroad, the completion of which to this city is believed not to be far distant.

are reported to have occurred in several places where meetings were held for the purpose of organizing against the orangemen. These disorders were caused by the attempts of some to counsel moderation and only such action as the law allowed. At a meeting at Hibernian,

o'DONOYAN ROSSA WAS ASSAULTED and hustled from the speaker's stand while making an appeal for peace and order.

ORANGEMEN ARE DETERMINED to carry out their programme for the cele-brating of their anniversary and they expect to be joined in their parade by about 1500 members of American associations and by about 1000 other sympathizers, so that they will have altogether about 5000 in line. They express a calm determina-tion to parade regardless of opposition, but seeking no guard, they are thought to be prepared to repel an attack. The grand master and oher prominent members secretly have received many threatening letters warning them that if they parade it will be

was in consultation with the police com-missioners yesterday, and closeted with Superintendent Kelso for averal hours. It is understood that they had under consid-ation the subject of the Orangemen's parade and the police arrangements for that day. It is clearly understood that if the Orangemen insist in their determination to parade on the 12th inst., the police authorities feel it to be their duty to give the processionists all the protection in their power. It is feared, however, that the police force available for this service is totally inadequate to the emer-gency, and that in addition to the police, several regiments of national guards will several regiments of national guards will be called out to preserve peace and pro-tect the procession if attacked. The general opinion is that the hot-heads will attempt to precipitate a collision during the day, but that the great body of Irish catholics will not lend continuance to a premeditated riot.

ARCH BISHOP MCLOSKY ON THE PROES-

SION. In the course of his sermon at the dedecation of St. Paul's church, at Harlem, yesterday, arch bishop McClosky alluded earnestly to the threatened orangemens' demonstration to take place on Wednesday. Said he: "We all know the danger which threatens this community in the course of the ensuing week. The newspapers have agitated; rumor has wafted it to our ears, and even the dead walls are placarded with towering evil-everything tells us that a systematic effort is now being made to excite an ati-catholic movement in this community. The processsion announced to take place in our streets next Wednesday is intended by the participants to produce the end spoken of. Therefore I carnestly exhort every catholic to beware of even going near that orange procession on Wednesday. If it is to take place at ali-and I hope it is not-I hope the proper authorities will see the wisdom of preventing it. With my soul I entreat you, Irish catholics, to make no demostration of any kind; do nothing that would give your enemies a chance to direct to you the odium which these Orangemen are sure to bring on them-selves if they are allowed to carry out their programme. They are not worthy of recognition, even as foes. Avoid them as you would any pest. Let these Orange-men alone—let them severely alone." After stating that should a conflict occur the catholic cause and Irish name would suffer, the bishop continued: "I warn all parents, brothers and husbands to go to their employments and attend to their ordinary vocations as usual on Wednesday, and to return promptly to their homes in the evening. Let catholic mothers, wives and sisters remain at their homes and attend to their duties, and allow nothing to draw them near this Orangemen's pro-

LAW AND IS SHOT. CHICAGO, July 10 .- William Blair, a brakeman on the Chicago, Burlington and Quin-cy railroad, was shot and instantly killed at with a stone. A short time since Blair sent for his brother in Ohio, to come on and help him clean out his brother-in-law, named Shippard. On last Friday evening they went to Shippart's house and commenced the cleaning out process, when Shippard seized a musket and shot Blair through the heart. Blair, after falling, raised himself on his elbows, drew a re-volver and discharged four shots at Shippard, one of which entered his leg. Blair then fell back and expired. The Blairs then fell back and expired. The Blairs were the worst young men in this section, they belonged to a gang of horse thieves. Wm.
